DETAILED ACTION

This office action is in response to amendment and remarks filed on January 14, 2011.

The amendments filed have been entered and made of record. Claims 9, 27, 29, and 33-52, 54-56 and 58 are pending.

Allowable Subject Matter

Claims 43-49 and 58 are allowed.

Claims 9, 27, 29, and 33-42, 50-52, and 54-56 will be allowed subject overcoming the 35 U.S.C. 112 rejections as discussed below.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 9, 27, 29, and 33-42, 50-52, and 54-56 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The term "if the arbitration..., if the determination" in claims 9, 27, 29 and 51 is a relative term which renders the claim indefinite, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. It is not clear regarding decision about flow of the process when if conditioned is not satisfied because it

attempts to claim the invention by excluding what the inventors did not invent rather than distinctly and particularly pointing out what they did invent. See *In re Schechter*, 205 F.2d 185, 98 USPQ 144 (CCPA 1953).

Claim Rejections - 35 USC § 101

1. Applicant amended the claims and previous rejection rejected under 35 U.S.C. 101 has been withdrawn

Claim Objections

Claims 51-52 are objected to because of the following informalities:

Typing error. Line 1: "...accessible and readable medium tangible computer readable storage medium" should be "... accessible and computer readable storage medium".

Appropriate correction is required.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
